Tekst 1

A **tropical cyclone** is a rapidly rotating storm system characterized by a low-pressure center, a closed low-level atmospheric circulation, strong winds, and a spiral arrangement of thunderstorms that produce heavy rain. Depending on its location and strength, a tropical cyclone is referred to by names such as hurricane (/ˈhʌrɪkən, keɪn/), typhoon (/taɪˈfuːn/), tropical storm, cyclonic storm, tropical depression, and simply cyclone.

Hurricane Harvey Update

Due to the hurricane, both Miramar and Momentum Village suffered damage, including roof and siding damage and broken windows, among other things. Some rooms did experience water damage. Crews are on site at Miramar and Momentum Village for inspections and repairs. The offices are not open for regular business at this time. Updates will be emailed to residents and posted to social media as they become available. Thank you for your patience!

Oversæt følgende tekst til engelsk.

31. august 1997 er en dag, mange husker. På denne dag døde en yngre kvinde i Frankrig efter en tragisk trafikulykke. Offeret var Diana, mor til to drenge og den britiske tronarvings tidligere hustru.

Dødsfaldet sendte chokbølger gennem den britiske befolkning, både på grund af prinsessens umådelige popularitet, og fordi hendes bil blev nådesløst jagtet gennem den franske hovedstad af fotografer, der kun tænkte på at få et sensationelt foto. I stedet blev deres hensynsløshed udstillet i nyhedsmedierne verden over.
